

CHILDRENS / FAMILY / PHYSICAL THEATRE / VISUAL THEATRE

ERTH'S DINOSAUR ZOO

Erth - Visual and Physical Inc.

Following sell out international seasons in the UK's West End, Broadway USA and Japan, Erth is bringing 'Dinosaur Zoo' back home to share its success and a further developed performance in touring to regional areas of Australia.

'Erth's Dinosaur Zoo' is an experiential theatre performance which features a cast of large-scale Australian dinosaur puppets brought to life by sophisticated design, electronics and theatrical presentation. Get up close and personal with an amazing array of creatures from bygone eras. Meet a menagerie of insects, mammals and dinosaurs that once roamed free around the southern hemisphere and developed in consultation with paleontologists. You can pet, feed and interact with them in a once in a lifetime imaginative experience. Children can watch wide-eyed from a safe distance or dare to get right up close to the creatures. Erth's dinosaur puppets stimulate the imagination about dinosaur life in a way that connects children to the real science of paleontology. Erth's life-like dinosaurs are alive and mostly friendly in this fun, educational and unique performance event that will delight children of all ages. This will also open the opportunity to work with Erth on their latest show in development 'ARK'.

WORKSHOPS

Puppet dinosaur making workshops using simple materials. Suitable for primary-aged children. Skills development workshop for high school aged students, creating puppets with their hands.

PRODUCER CONTACT

Scott Wright, Erth
